DOMESTIC CLEANER DAVID SALVIETTI

Originally a licensed Pharmacist from Egypt, I recently relocated to Rome to be with my Italian wife and daughter and to pursue my Italian citizenship. While I am currently in the 1–2 year process of equalizing my medical certifications to practice pharmacy in Italy, I have dedicated myself to the hospitality and domestic sectors. I bring the same precision, hygiene standards, and work ethic required in a pharmacy to the homes and Airbnb properties I manage. My goal is to provide a pristine environment for my clients while I work toward my professional licensure in Italy.

Hospitality Excellence: Expert in high-standard Airbnb turnovers, ensuring properties meet 'Superhost' requirements for cleanliness and guest presentation.

Comprehensive Cleaning: Proficient in all aspects of home maintenance, including floor care (vacuuming/mopping), sanitization of surfaces, laundry, and polishing.

Sanitation Focus: Utilizing professional-grade disinfecting techniques to ensure a safe and healthy environment for families and guests.

Proven Reliability: Trusted by long-term clients to manage property keys and high-value residential spaces independently.
